### *Dedication*

We, the Class of 1992, would like to show our appreciation by dedicating this yearbook to the individual who has laughed at our skits, enjoyed our productions, and continuously encouraged our school spirit. In spite of all his responsibilities as principal, he listened to our complaints, dealt with our problems, and watched over each and every one of us. We have found his help to be unmeasurable and his advice to be unforgettable. To you, Mr. Paul Byron, we would like to take this chance to say thank you. You have been a memorable part of our high school experience.

# In Appreciation

The Yearbook Staff would like to thank our adviser Lori Hutchings. Without her there would be no yearbook. She showed us everything there was to know about making a yearbook. She stepped in to help us when she didn't have to. Together we've had some great times and many very interesting meetings. Thank you for all your help and best of luck in your career.

So much time has gone by since we first  
 met,  
 We were brought together and together  
 we've stayed.  
 Standing by one another through the best  
 of times  
 And the worst of times.  
 We have laughed together, cried together,  
 but most  
 Important we have grown together.  
 Forming a bond that could only have been  
 formed by  
 Great friendship.  
 A bond that may never be broken under  
 any circumstances,  
 No matter how large or small.  
 Now as a precious chapter in our lives  
 draws to a  
 Close and we all will choose our own  
 separate roads  
 To follow, let us put that bond to the test.  
 No matter how far away your road may  
 take you or how  
 Long it keeps you away,  
 In our hearts our friendship holds a special  
 place.  
 With a door that's never closed and an  
 invitation  
 That stands forever.

-Kelli Dray

### *STUDENT LIFE*

Remember the stink bombs on the first floor, spaghetti and bread on Wednesdays, sweatpants and sweatshirts during exams, the first football game under the lights, the first annual volleyball tournament, Class Dress-Up Days, the Junior Prom, dances, inaudible morning announcements, trying to beat the morning bell, the Rally's, the Play, NO Snowdays our senior year, School Store (tictacs), cafeteria "test" entrees, the Icebreakers, getting psyched over substitutes, Fred Flintstone, cat dissection, and the Cheez-It explanation. We have come here for six hours a day, five days a week, thirty six weeks a year for four years and during that time we have created more memories than we can list. Never forget those memories and never forget your experience at AHS.

Thanks, but it's not my birthday.

Tell me another one.

Pinch me, I think I'm dreaming.

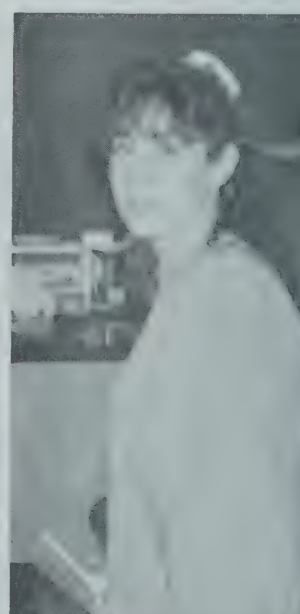

Are you sure we should shower before the prom?

Just take the picture, mom!

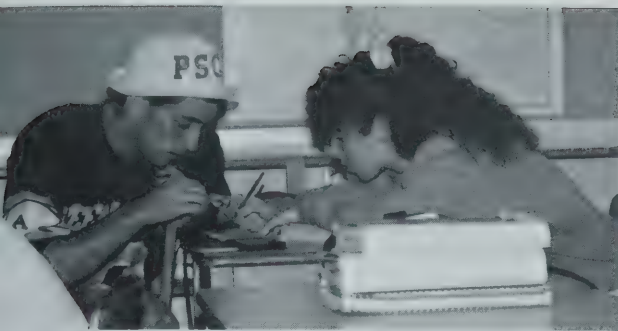

Fred? Yes Ginger? You're stepping on my dress.

You want me to dissect a cat?

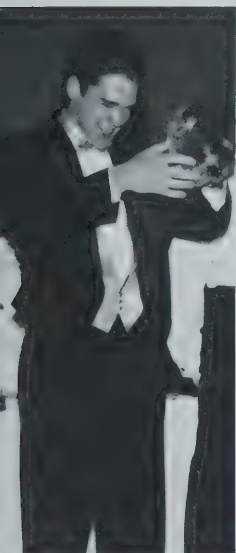

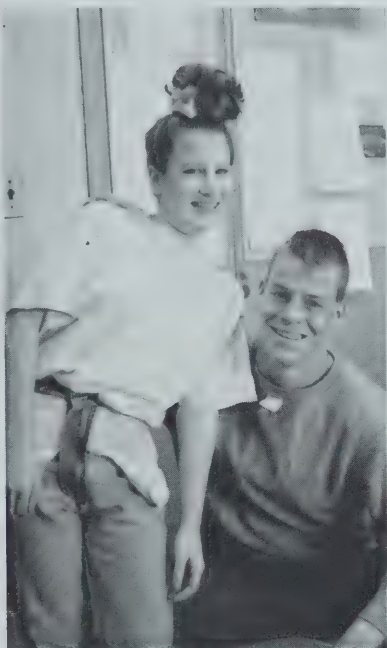

How many times do I have to explain it, Chris?

Who's got pimples?

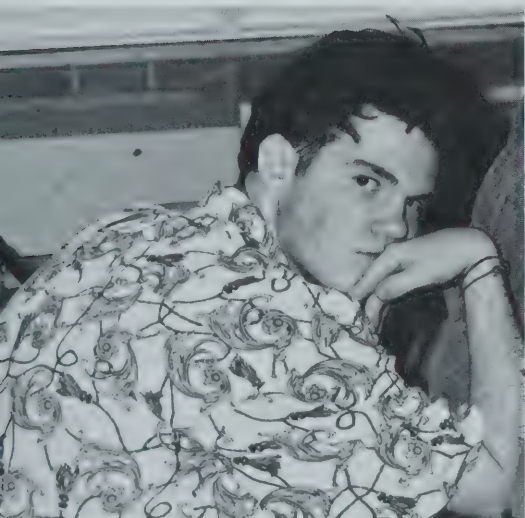

his won't fit on my head.

Declan, are my pants really inside out?

Stay away from him or I'll bite your nose.

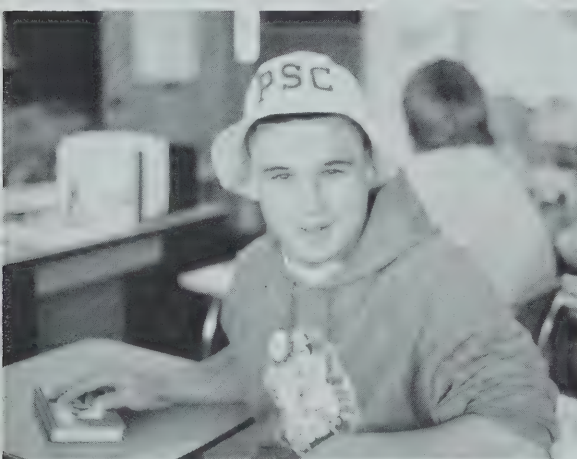

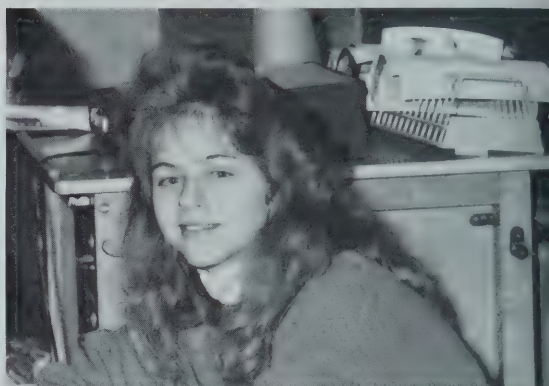

What are you lookin' at?

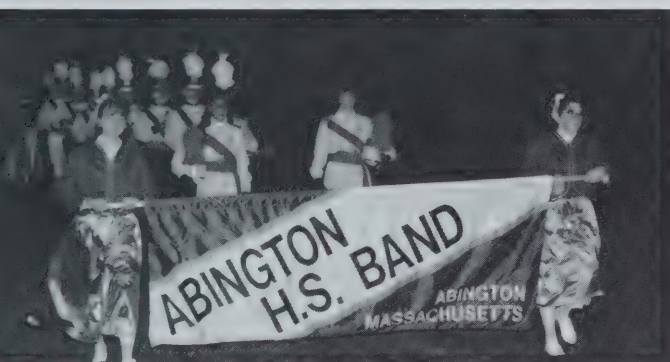

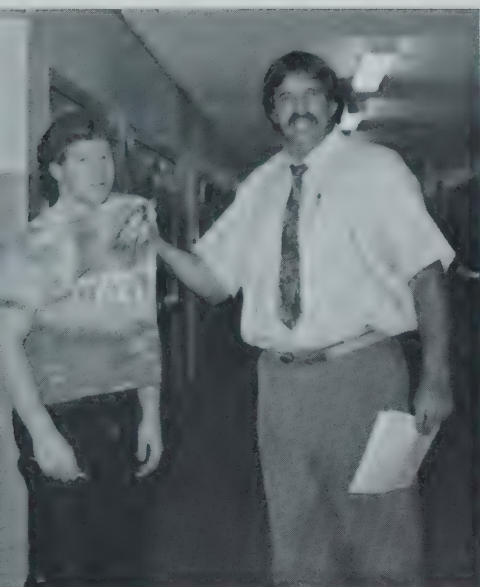

Friday isn't part of the school week.

SEN

Think a minute, about life at A.H.S. without seniors. Scary thought isn't it? Without them who would Mr. Robinson throw out of lunch every Friday? Where would Mrs. Short be without her first period class? Mrs. Powers would have to try her matchmaking skills on someone else. Mr. Kelliher would have a pretty wimpy detention list without all of our numerous repeat offenders. All

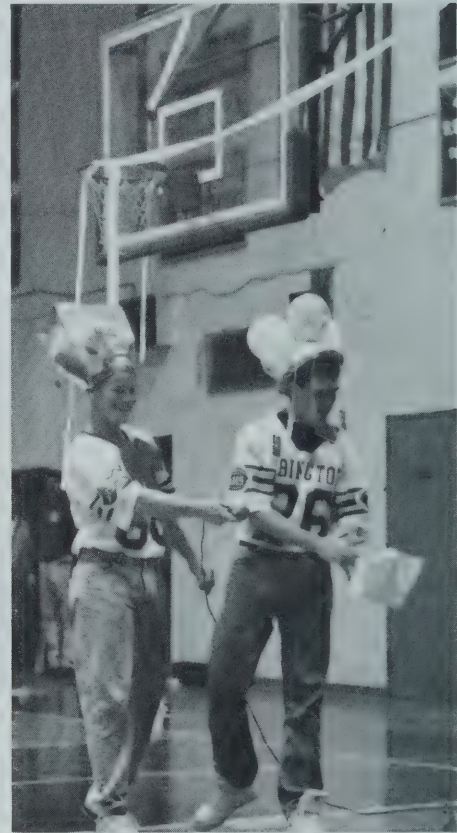

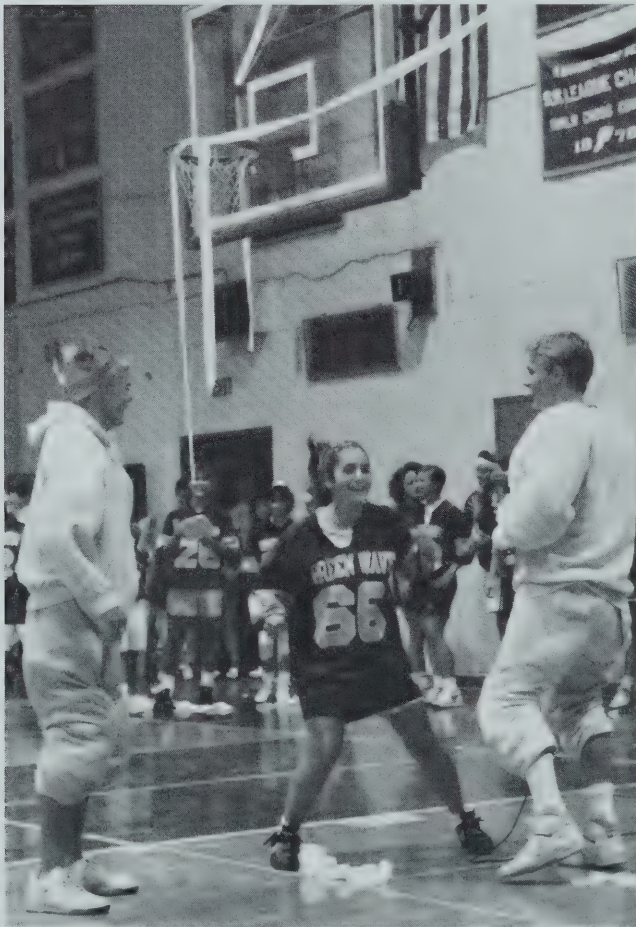

RS

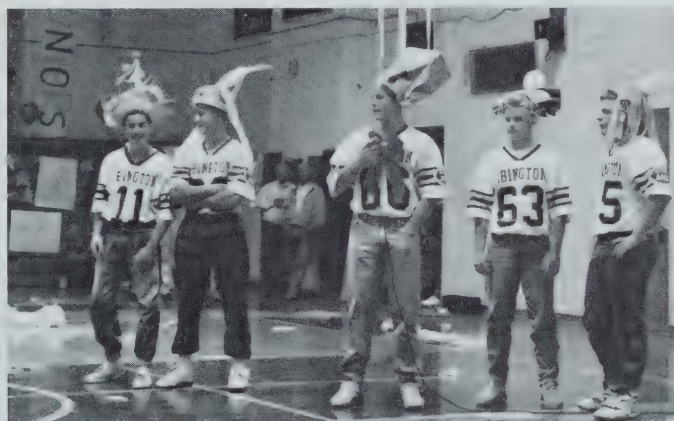

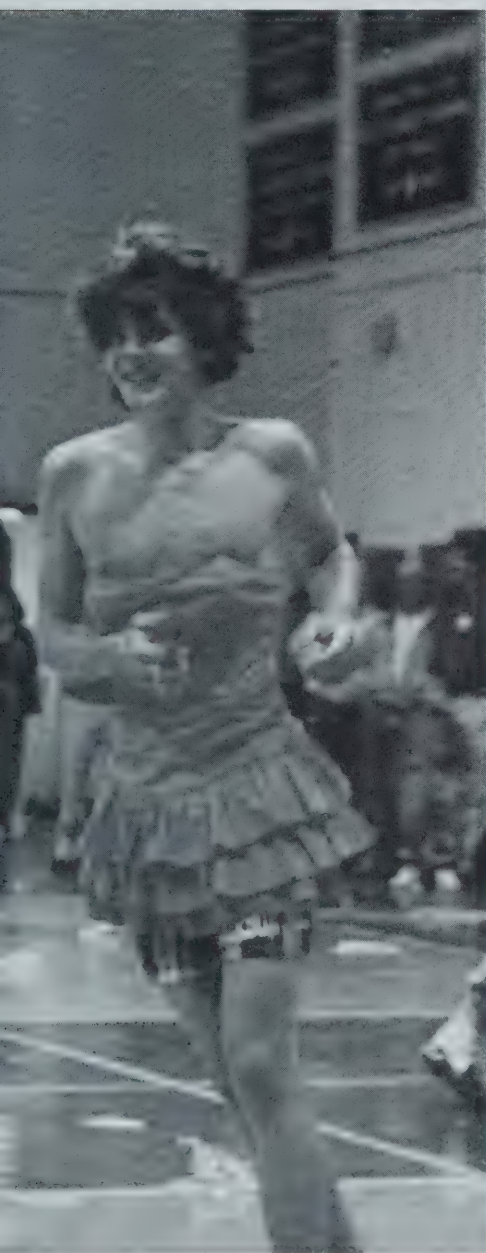

h all it would be a very dull place. After  
all a senior's very existence is for the  
sole purpose of making life more fun  
and exciting for those around them  
right? Naturally this year's graduating  
class did a superb job of this, but the  
time has come for us to move on. So it  
is with great JOY and confidence that  
we step aside and leave the class of  
1993 to continue the legacy.

## Activities

What is an activity? By definition, it is any planned thing to do. Not too exciting is it? I didn't think so. Now ask an A.H.S. student what an activity is and you'll probably get a very different answer. They definitely act as a tension re-

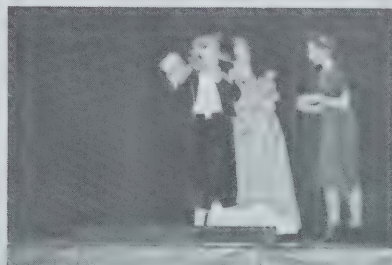

leaser. Even the best of us get **STRESSED OUT!** They're a chance to be with your friends and to have fun.

You can learn new things or maybe even just goof around. There are many different reasons why we become involved in school activities. No matter what that reason is they have become an important part of A.H.S. and have played some part of making us who we are today.

## Everyone Else!

To "EVERYONE ELSE" who has been a part of our lives the last four years, this section is for you! We understand (although it is hard to believe) that a school is not only made up of seniors. Without underclassmen and staff we would be nothing but a bunch of uneducated 17/ 18 year olds wandering the halls looking for something to do. Thanks for standing beside us, teaching us, being proud of us, and sometimes even looking up to us. We won't forget what you've given us.

On November 9, 1990, our friend Christopher Bombardier, was taken from us, much before his time. He was the kind of person who was willing to do anything for anyone. Everyone loved him. This page is our way of remembering him the way he was. We want to ask him to watch over us and to tell him that no matter how much time passes, he will always be missed. We all firmly believe that he is now in heaven teaching the angels to throw down their harps and take up the guitar.
